Roadmap

1 - One use case

2 - One core journey

3 - Zoning

4 - Mockup

5 - Prototyping

Objective

Demo of your app

As if you had coded it :)

1 - One use case

verb + complement

Do **ONE** thing only, do it good

book a place

share a story

order a cab

manage a project

discover recipes

Find a **new angle. Your UVP**

airbnb

Experience a place like a local

It’s not just a post, it’s a story

Get a ride in one click

Trello

You don’t need more than lists and cards

KITCHEN STORIES

Recipes need beautiful illustrations

Best alumni projects do **ONE** thing

skello

manage your planning

SUPERFESTIVAL

organise your festival

TAT

build a travel guide

Kudoz

find a job

Find **your UVP**

airbnb

VS

social / locals

price / discount

pay

For each view

home	results	show	confirm

Action	I want my user to…
Context	For that he/she needs to know…
Angle	He/she understands my UVP because…

home | index | show | confirm

Action I want my user to **search for a flat.**

Context For that he/she needs to know **how to search (location, checkin, checkout, number of guests).**

Angle He/she understands my UVP because **there are travel suggestions with people flats and pictures.**

home | **index** | show | confirm

Action I want my user to **choose a flat.**

Context For that he/she needs to know **which one is the cheapest, best rated, best located.**

Angle He/she understands my UVP because **he sees owner's picture for each result.**

home | index | **show** | confirm

Action I want my user to **book the flat.**

Context For that he/she needs to know **how much it will cost in total (with a recap).**

Angle He/she understands my UVP because **there are detailed reviews of other travellers on the page.**

home | index | show | **confirm**

Action I want my user to **pay.**

Context For that he/she needs to know **where to enter credit card details.**

Angle He/she understands my UVP because **he has to write a custom message to the owner.**

What should the user see?

Less is more

What’s key for the understanding?

- Title & description
- Price
- Equipment & beds
- Reviews
- Pictures
- Owner’s profile picture
- Owner’s other flats
- Similar flat offers
- District pictures
- Nearby cool places
- Other renters’ details

What do I want my user to do?

One call to action
